## GERMAN TRAVELLING FELLOWS

Dear Member

Two travelling fellowships to Germany are available to the members of the SAOA.

It will consist of a visit to Germany. During their stay in Germany the fellows will probably attend a congress in Baden-Baden and also visit various orthopaedic institutions throughout the country as guests of the German Orthopaedic Association. We hope to have more detailed information real soon.

The total cost of their stay in Germany will be borne by the German Orthopaedic Association and two economy class air tickets to Germany will be paid for by the SAOA.

The travelling fellows visiting Germany will be expected to present papers at meetings during their visit and to participate and contribute to clinical discussions, ward rounds etc.

It is felt that junior consultants and recently qualified orthopaedic surgeons will benefit most from this experience, but the offer is open to all members of the SAOA.

Application forms and more information will be available from the SAOA office.

Members, who visited Germany on the same fellowship in the past, rate it as a very worthwhile experience.

The SAOA would like to keep this opportunity open to our members in future and would like to urge you to apply for and make use of this offer.
