SAOA

RULES FOR RESEARCH GRANTS

It is clearly understood that the following rules will apply to any successful candidate for Research Grants:

1. You have to clearly state whether you have applied to other Institutions for this research project.
2. It is understood that if you have been successful in receiving money from other Institutions that you inform the Executive Committee of the Orthopaedic Association.
3. It is also understood that the money allocated for this research grant can only be used specifically for the purpose stated in your application.
4. A progress report must be completed and sent to the Executive Committee on a six-monthly basis.
5. The research grant must be specifically used for a dedicated project. The Orthopaedic Association cannot sponsor ongoing secretarial expenses or ongoing projects without a reasonable time limit, since our budget is limited.
6. Money not used for the applied project must be returned to the SAOA.
