HYBRID
CONGRESS
CAPE TOWN

DELEGATE ANNOUNCEMENT & CONGRESS INFORMATION

Welcome from the Congress Chairman

Dr Phillip Webster

Dear colleagues,

As you have heard, with the release to Lockdown level 1, we have finally been able to arrange our congress for this year. I know that it is late notice, but we were only able to start planning from 3 weeks ago and we can confirm the hybrid conference from 20-22 November 2020.

I am very pleased to announce that we have managed to secure the UCT Graduate Business School Conference Centre. This is a state of the art new facility in the Cape Town Waterfront and promises to be a fantastic event. All of the specialty groups are supporting the event and we have put together a really comprehensive program over the 3 days. The emphasis of the meeting is getting together with each

other and being able to support our trade partners who have suffered tremendous financial stress whilst supporting us through the lock down. We will have a social get together on Friday 20th to which everyone will be invited. The Carousel will join us on the 21st for a live virtual session and we will have trade workshops during the event.

We have all survived the doom and gloom of the pandemic and now we all deserve to get out for a weekend, catch up with old acquaintances and get up to date with latest advances in orthopaedic surgery. In order to provide the facility, we are all contributing to the event. Service providers have all given us massive discounts, our trade partners have contributed what they can afford. We are not charging for stands at the conference, but have provided tables and chairs for our trade partners. The SAOA has covered a significant amount of the cost and we are asking you as members to also

contribute in the form of a registration fee. To offset this, Brian has kindly agreed to not increase our subscriptions for next year.

I urge you all to attend the live event in Cape Town and for those unable to attend we will host pods in the major centres where you can get together with colleagues on a smaller scale, but still be part of the event. Places are limited to 150 delegates under the lock down, but we anticipate this being relaxed to at least 300 before the event.

I urge you all to join us as we get away from the COVID-blues together into the future!!!

See you there!!

Phillip Webster
