

SAOA CONGRESS 2021			
TUESDAY 31 AUGUST 2021			
Venue 2 - Lecture Room 1			
Program subject	No	Topic	Presenter
07h00 - 07h30		REGISTRATION	
		SESSION 20	
		SASES Symposium: Massive Rotator Cuff Tendon Tears	
		Chairpersons Nitesh Bhagwan and Willem du Toit	
07h30 - 07h45		How do I identify and classify a rotator cuff tear?	W du Toit
07h45 - 08h00		When do I decide to repair a massive rotator cuff tendon tear?	S Osman
08h00 - 08h15		Options for biological augmentation of a rotator cuff repair?	S Kirsten
08h15 - 08h30		When do I decide not to repair a massive rotator cuff tear?	A Peach
08h30 - 08h45		Massive Rotator Cuff Tear: Indications for and outcomes of partial repair	C van den Berg
08h45 - 09h00		Massive Rotator Cuff Tear: Update on indication for and outcomes of a biodegradable balloon spacer	C Anley
09h00 - 09h15		SCR: What is the biomechanical rationale?	N Bhagwan
09h15 - 09h30		SCR: My technique and experience	D Petré
09h30 - 09h45		SCR: My technique and experience	S Roche
09h45 - 10h00		SCR: Where are we today. What are the outcomes?	L Rajah
10h00 - 10h30		TEA	
		SESSION 21	
		SASES Symposium: Massive Rotator Tendon Tears	
		Chairpersons Stadler Kirsten and Stephen Roche	
10h30 - 10h45		Lower Trapezius Transfer for irreparable Rotator cuff tears	Joe de Beer
10h45 - 11h00		When do I pull the trigger and treat a MRCT with a RSR	D Petré
11h00 - 11h30		SASES INVITED LECTURE: AC Joint Injury – Where are we today?	A Imhoff
11h30 - 12h00		SASES KEYNOTE LECTURE: PROM's in Shoulder Surgery	D Petré
12h00 - 13h00		LUNCH	
		No session number	
13h00 - 14h00		GT DU TOIT LECTURE in Venue 1 - Auditorium	
		SESSION 22	
		SASES Symposium: Anatomical Total Shoulder Arthroplasty	
		Chairpersons Sham Osman and Basil Vrettos	
14h00 - 14h15		Glenoid morphology and classification in shoulder arthritis	A Rachuene
14h00 - 14h30		How do I select a patient for an anatomical TSA?	T de Beer
14h30 - 14h45		How do I plan an anatomical TSA in 2021?	P Sanchez
14h45 - 15h00		My top 5 lessons learned in performing anatomical TSA	G Greeff
15h00 - 15h15		Stemless arthroplasty: biomechanics and results	D Petré
15h15 - 15h30		Options in the management of subscapularis failure in anatomical TSA	G Greeff
15h30 - 15h45		What are the long-term results and mechanism of failure in anatomical TSA?	C Breckon
15h45 - 16h00		TEA	
		SESSION 23	
		SASES Keynote Lectures: Shoulder Arthroplasty	
		Chairpersons Leon Rajah and Stadler Kirsten	
16h00 - 16h30		SASES KEYNOTE LECTURE: Concepts in material and design in Shoulder Arthroplasty	T Rosch
16h30 - 17h00		SASES KEYNOTE LECTURE: The subscapularis in reverse shoulder arthroplasty	S Roche
17h15 - 18h15		SASES AGM	
		FREE EVENING
