# MESSAGE FROM THE SAOA PRESIDENT

**We are returning to Cape Town for our 2026 annual congress. This venue has proven to be a favorite amongst delegates and the Trade alike over the last few years. We will be utilizing this venue, as well as the CSIR in Pretoria for our next few congresses.**

Your involvement in our profession, our organization and our congress has always been pivotal to our mutual success. Building on our success of 2025 we look forward to seeing all our loyal sponsors back at SAOA 2026. During our engagements at previous congresses, it became clear that loyalty and value for money is key aspects when considering your sponsorship. We are constantly improving our congress organization skills and cost structure. To this end we have cancelled all multiyear service provider contracts and now expect service providers to tender on an annual basis to improve cost. Many of our congress organization is done in house, covered by existing salaries and has the benefit of keeping our intellectual property congruent and consistent.

As promised, we are introducing a sponsor loyalty program this year, which benefits our loyal sponsors both with regards to cost and selection of your exhibition space. We have also introduced caps on travel expenses for invited guests and streamlined the guest invitation process, to proportionally allocate international speakers to the size of the subspeciality event at our congress. We know that there are several subspeciality meetings this year which might impact our congress, but we are confident that we can offer an excellent congress program based on the understanding between ourselves and the subspecialities assisting us with our program.

We look forward to seeing familiar and new faces at our Congress and invite you to engage with us if you encounter difficulties in any way. Together we will not only maintain and strengthen Orthopaedic surgery, but also your business footprint in our country.

**Dr Anton Julyan**

SAOA President 2025/2026

# SAOA CONGRESS TRADE LOYALTY PROGRAMME

The SAOA congress has been in existence for nearly 80 years, and this would not have been possible without the tremendous support from the trade. You have supported the vision and have assisted the Association to achieve many of its strategic objectives.

In 2022, the SAOA introduced a trade feedback meeting on the last day of the congress to engage with members of the trade about what they think worked well and some of the future plans of the organisation. We spent the next few years listening and planning on how to bring some of your suggestions into actionable and tangible endeavours.

The 2026 congress will launch a loyalty programme for trade members with recognition and benefits offered to companies that have exhibited at the SAOA congress for 10yrs and upwards for the period 2016 to date. The 2026 benefits will include the following:

- Early access to exhibition stands booking.
- Previous year rate for trade badges.
- 1 free trade badge to the CEO for 1 day of the congress.

We will be enhancing the benefits as we grow the programme to include offerings that cover the activities of the overall membership year, please keep an eye out for them in our upcoming communications.

We value the contribution you have made over the years, thank you for partnering with the SAOA to deliver successful congresses!

Please feel free to contact the SAOA office directly on [admin@saoa.org.za](mailto:admin@saoa.org.za) if you have specific questions about the loyalty programme.

[Booking link >>](#)

You will be required to register online at this time and request your first, second and third choice of exhibition stands and sponsorship options.

Diamond and platinum sponsors were offered the opportunity to pre-select their stands for 2026 in appreciation for their exceptional continued support to the SAOA. You will therefore see that some stands are not available. Please note that these sponsors still need to register on line on 9 April to confirm the spaces which have been reserved for you.

**Please note** that if first options are not available, we will endeavour to allocate your second or third option, but final trade space and positioning is at the discretion of the SAOA 2026 organising committee.

The exhibition secretariat (ICE Solution) will confirm in writing the stand/s allocated and an invoice for the due amount will be sent to you in due course for your records. Only once payment is received will your stand/s be confirmed.

The exhibitor is to send the secretariat (ICE Solution) a confirmation (proof) of payment. (Please include the date of payment; the method of payment and bank reference numbers if applicable).

Exhibitors should be aware that if there is a long interval between the dates that they indicate their preferred choices, and the receipt of payment, their preferred stand/s may have been reserved and paid for by another exhibitor. However, the secretariat (ICE Solution) undertakes to stay in close communication with all exhibitors during this process and to keep them informed of the continued availability or unavailability of their chosen stand/s.

When selecting your choice of stand/s please keep in mind that you will be required to close/seal the back and or sides of your stands so as not to negatively affect the stand/s which may not have a built structure alongside you. **Please ensure that your stand builders are informed of this so as not to have any situations onsite where they claim to not be aware of this.**

**WE TRUST THAT EXHIBITORS WILL FIND THESE PROCEDURES FAIR, AND WE WOULD LIKE TO ALWAYS ASSURE EXHIBITORS OF OUR CO-OPERATION TO ASSIST IN SECURING THEIR PREFERRED STAND/S.**
